required for production.*

### Eco Friendly

Eeco Vinyl is printed with water  
based inks. The inks are  
recycled at the manufacturing  
facility.

There are no Cadmium  
based stabilizers.

Eeco Vinyl is manufactured  
in a state of the art facility  
that pursues methods to  
reduce emissions, requires  
low energy, recycles all waste  
materials, and uses the safest  
raw materials available with the  
least environmental impact.
